NOTE TO RECEIVER This information has been disclosed to you from information protected by Federal confidentiality rules (42 CFR part 2). The Federal rules prohibit you from making any further disclosure of information in this record that identifies a patient as having or having had a substance use disorder either directly, by reference to publicly available information, or through verification of such identification by another person unless further disclosure is expressly permitted by the written consent of the individual whose information is being disclosed or as otherwise permitted by 42 CFR part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose (see §2.31). The Federal rules restrict any use of the information to investigate or prosecute with regard to a crime any patient with a substance use disorder, except as provided at §§2.12(c)(5) and 2.65.

Verbal/Telephone Consent should be the exception in extenuating circumstances. Use of the Electronic form in Pulse should be used when feasible rather than verbal consent. Verbal/Telephone Consent is NOT PERMITTED for patients treated for Substance Use; it is not allowed under 42 CFR part 2 Regulations, authorization must be written/e-signature.
